

SAMPLE DATA · invented figures for demonstration

Which products and services are growing?

Period: **October 2026 to date**. Revenue, gross margin and growth (year on year) by product or service line over 24 months. Pick a line and every number, chart and note follows it.

How final is this data?

September 2026

Locked

September 2026 is locked (closed 2 Oct 2026). These numbers won't change.

October 2026

Incomplete

October 2026 is still in progress: figures to 6 Oct only.

Trades

Gross margin, not profit

Gross margin is not profit. Job gross margin = revenue less materials, subcontractors and technician time charged to the job at \$68 an hour (wages and all on-costs). Not included: technician time not charged to any job (travel, training, waiting), and overheads (office wages, marketing, vehicles, rent, insurance, IT, depreciation, interest). Profit is what's left after those. Wages always include all on-costs: super, payroll tax, workers' compensation insurance and leave.

From gross margin to profit

September's jobs made \$73,107 gross margin (36.1%). Technician time not charged to jobs took \$3,430 and overheads \$59,580, leaving \$10,097 profit before tax (5.0% of revenue). To cover overheads, jobs need a 31.1% gross margin on average.

Gross margin on jobs	\$73,107
Technician wages and on-costs	\$54,600
Technician time charged to jobs (at cost)	\$51,170
Technician time not charged to jobs	\$3,430
Gross profit (the P&L)	\$69,677
Overheads (operating expenses, depreciation, interest)	\$59,580
Profit before tax (the P&L)	\$10,097
Revenue	\$202,337
Gross margin on jobs, %	36.1%
Profit before tax, % of revenue	5.0%
Gross margin jobs need just to cover overheads and time not charged	31.1%

Year to date against the same period last year
11.0%
\$88,564 against \$79,777

Gross margin, year to date
43.7%
\$38,744 before overheads

What it shows
Call-outs and repairs brought in \$88,564 this financial year to date, 11.0% on the same period last year (slower than the business as a whole, 11.7%), at a 43.7% gross margin (above the 38.5% overall).

What you'd do about it
Call-outs and repairs: 43.7% gross margin, 12.6 points clear of the 31.1% overheads need.

Every line at once

Revenue, gross margin and growth by line, by month

All · Revenue \$

All · Gross margin %

Gross margin = revenue less direct cost (materials, subcontractors and time at cost for trades; contractors and consultant time for services), before overheads. Growth is year on year: each month against the same month a year earlier. Every month, by line, is in the Excel download.

By line: financial year to date (Jul to Oct 2026) against the same period last year

	Year to date	Same period last year	Growth	Gross margin \$	Gross margin %
Maintenance contracts	\$162,000	\$135,400	19.6%	\$96,464	59.5%
Installations	\$400,900	\$367,900	9.0%	\$115,550	28.8%
Call-outs and repairs	\$88,564	\$79,777	11.0%	\$38,744	43.7%
Total	\$651,464	\$583,077	11.7%	\$250,758	38.5%

Services

Gross margin, not profit

Gross margin is not profit. Gross margin = revenue less contractors and consultant time charged to the work at \$60 an hour (wages and all on-costs). Not included: consultant time not charged to clients, and overheads (management and admin wages, marketing, rent, IT, insurance, travel, depreciation, interest). Profit is what's left after those. Wages always include all on-costs: super, payroll tax, workers' compensation insurance and leave.

From gross margin to profit

September's client work made \$68,410 gross margin (51.9%). Consultant time not charged to client work took \$660 and overheads \$52,140, leaving \$15,610 profit before tax (11.8% of revenue). To cover overheads, client work needs a 40.0% gross margin on average.

Gross margin on client work	\$68,410
Consultant wages and on-costs	\$46,500
Consultant time charged to client work (at cost)	\$45,840
Consultant time not charged to client work	\$660
Gross profit (the P&L)	\$67,750
Overheads (operating expenses, depreciation, interest)	\$52,140
Profit before tax (the P&L)	\$15,610
Revenue	\$131,850
Gross margin on client work, %	51.9%
Profit before tax, % of revenue	11.8%
Gross margin client work need just to cover overheads and time not charged	40.0%
