What it shows
Unrestricted cash (\$303,775, after setting aside unspent grant money) would cover 2.2 months of spending at August's rate of spending, short of the 3.0 months target by \$119,825.

What you'd do about it
A reserves plan is the usual next step: how much of each month's surplus goes to reserves, and by when the gap is closed.
