**What it shows**  
Unrestricted cash (\$324,680, after setting aside unspent grant money) would cover 2.0 months of spending at September's rate of spending, short of the 3.0 months target by \$164,020.

**What you'd do about it**  
A reserves plan is the usual next step: how much of each month's surplus goes to reserves, and by when the gap is closed.
