

SAMPLE DATA · invented figures for demonstration

How many people did we help this month, and how many couldn't we reach?

Period: February 2026. People helped by each program, day by day, and the people who came to a program but couldn't be helped (and why). People helped are counted against each program's own grant spend.

How final is this data?
January 2026 Locked January 2026 is locked (closed 3 Feb 2026). These numbers won't change.
February 2026 Locked February 2026 is locked (closed 3 Mar 2026). These numbers won't change.
October 2026 Incomplete October 2026 is still in progress: figures to 6 Oct only.

Why people couldn't be helped, February 2026

Main reason	People
Program at capacity	19
Waitlist	15
Outside the service area	4
Couldn't make contact	3
Not eligible	1

What it shows

396 people were helped in February, and 42 came to a program but couldn't be helped: 90.4% reached (target 90.0%), against 86.1% in January.

What you'd do about it

Digital literacy reached the smallest share: 87.7% (8 couldn't be helped). The main reason: program at capacity (19 people).

Made with Python: laid out in HTML and CSS, printed to PDF in Chromium.
