

SAMPLE DATA · invented figures for demonstration

How many people did we help this month, and how many couldn't we reach?

Period: October 2025. People helped by each program, day by day, and the people who came to a program but couldn't be helped (and why). People helped are counted against each program's own grant spend.

How final is this data?

September 2025

Locked

September 2025 is locked (closed 2 Oct 2025). These numbers won't change.

October 2025

Locked

October 2025 is locked (closed 4 Nov 2025). These numbers won't change.

October 2026

Incomplete

October 2026 is still in progress: figures to 6 Oct only.

In short: 506 people helped in October; 50 couldn't be reached (91.0% reached, target 90.0%).

Why people couldn't be helped, October 2025

Main reason	People
Program at capacity	26
Waitlist	12
Not eligible	6
Outside the service area	4
Couldn't make contact	2

What it shows

506 people were helped in October, and 50 came to a program but couldn't be helped: 91.0% reached (target 90.0%), against 89.6% in September.

What you'd do about it

Emergency relief reached the smallest share: 87.9% (14 couldn't be helped). The main reason: program at capacity (26 people).

Made with Python: laid out in HTML and CSS, printed to PDF in Chromium.
