

SAMPLE DATA · invented figures for demonstration

How many people did we help this month, and how many couldn't we reach?

Period: December 2025. People helped by each program, day by day, and the people who came to a program but couldn't be helped (and why). People helped are counted against each program's own grant spend.

How final is this data?

November 2025

Locked

November 2025 is locked (closed 2 Dec 2025). These numbers won't change.

December 2025

Locked

December 2025 is locked (closed 5 Jan 2026). These numbers won't change.

October 2026

Incomplete

October 2026 is still in progress: figures to 6 Oct only.

In short: 521 people helped in December; 43 couldn't be reached (92.4% reached, target 90.0%).

Why people couldn't be helped, December 2025

Main reason	People
Waitlist	17
Program at capacity	15
Not eligible	4
Outside the service area	4
Couldn't make contact	3

What it shows

521 people were helped in December, and 43 came to a program but couldn't be helped: 92.4% reached (target 90.0%), against 90.5% in November.

What you'd do about it

Emergency relief reached the smallest share: 88.8% (12 couldn't be helped). The main reason: waitlist (17 people).

Made with Python: laid out in HTML and CSS, printed to PDF in Chromium.
