What it shows

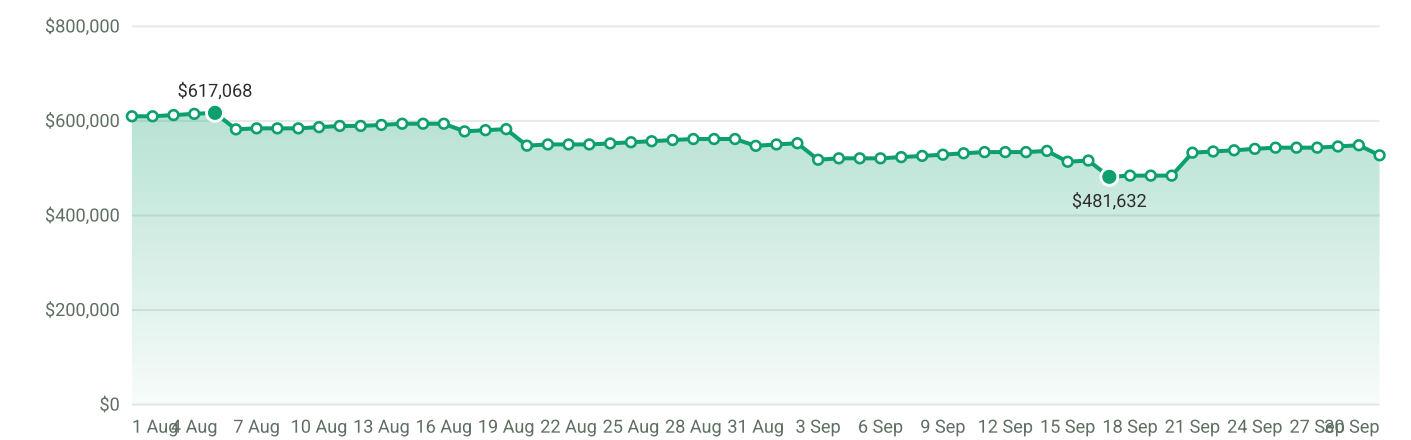

Unrestricted cash (\$305,437, after setting aside unspent grant money) would cover 1.9 months of spending at September's rate of spending, short of the 3.0 months target by \$183,263.

What you'd do about it

A reserves plan is the usual next step: how much of each month's surplus goes to reserves, and by when the gap is closed.
