

SAMPLE DATA · invented figures for demonstration

How many people did we help this month, and how many couldn't we reach?

Period: October 2026 to date. People helped by each program, day by day, and the people who came to a program but couldn't be helped (and why). People helped are counted against each program's own grant spend.

How final is this data?

September 2026

Locked

September 2026 is locked (closed 2 Oct 2026). These numbers won't change.

October 2026

Incomplete

October 2026 is still in progress: figures to 6 Oct only.

In short: 78 people helped in October so far; 12 couldn't be reached (86.7% reached, target 90.0%).

Why people couldn't be helped, October 2026 to date

Main reason	People
Program at capacity	6
Waitlist	5
Outside the service area	1

What it shows

78 people were helped in October so far, and 12 came to a program but couldn't be helped: 86.7% reached (target 90.0%), against 84.6% in September.

What you'd do about it

Mental health first aid reached the smallest share: 73.3% (4 couldn't be helped). The main reason: program at capacity (6 people).

Made with Python: laid out in HTML and CSS, printed to PDF in Chromium.
