

SAMPLE DATA · invented figures for demonstration

Which jobs actually make money?

Period: June 2026. Every job's gross margin: revenue less materials, subcontractors and technician time at \$68 an hour (fully loaded: wages and all on-costs). Before overheads, so this is not profit. Pick a type of job and every number, chart and note on the page follows it.

How final is this data?

May 2026

Locked

May 2026 is locked (closed 2 Jun 2026). These numbers won't change.

June 2026

Locked

June 2026 is locked (closed 2 Jul 2026). These numbers won't change.

October 2026

Incomplete

October 2026 is still in progress: figures to 6 Oct only.

Gross margin, not profit

Gross margin is not profit. Job gross margin = revenue less materials, subcontractors and technician time charged to the job at \$68 an hour (wages and all on-costs). Not included: technician time not charged to any job (travel, training, waiting), and overheads (office wages, marketing, vehicles, rent, insurance, IT, depreciation, interest). Profit is what's left after those. Wages always include all on-costs: super, payroll tax, workers' compensation insurance and leave.

From gross margin to profit

June's jobs made \$66,663 gross margin (38.5%). Technician time not charged to jobs took \$2,410 and overheads \$59,260, leaving \$4,993 profit before tax (2.9% of revenue). To cover overheads, jobs need a 35.6% gross margin on average.

Gross margin on jobs	\$66,663
Technician wages and on-costs	\$54,600
Technician time charged to jobs (at cost)	\$52,190
Technician time not charged to jobs	\$2,410
Gross profit (the P&L)	\$64,253
Overheads (operating expenses, depreciation, interest)	\$59,260
Profit before tax (the P&L)	\$4,993
Revenue	\$173,163
Gross margin on jobs, %	38.5%
Profit before tax, % of revenue	2.9%
Gross margin jobs need just to cover overheads and time not charged	35.6%

Job gross margin by type of job, June 2026

Gross margin \$

What it shows

In June maintenance contracts made a 59.5% job gross margin, installations made a 28.5% job gross margin, call-outs and repairs made a 44.6% job gross margin (technician time at \$68 an hour, wages and all on-costs). Jobs need 35.6% just to cover overheads.

What you'd do about it

Maintenance contracts: 59.5% gross margin, the most profitable work you do. Installations: 28.5% gross margin, below the 35.6% needed to cover overheads.

Type of job: Maintenance contracts

Job gross margin, June · Maintenance contracts

59.5%

May 59.5%

Job gross margin on each maintenance contract, June 2026

Gross margin \$

What it shows

All 14 contracts made more than the 35.0% job gross margin target. The thinnest was Kangaroo Point townhouses at 58.2% job gross margin: 14.0 h of technician time on a \$2,400 monthly fee.

What you'd do about it

The Kangaroo Point townhouses contract: 58.2% gross margin, 22.6 points clear of the 35.6% overheads need. Maintenance contracts overall: 59.5% gross margin.

Type of job: Installations

Job gross margin, June · Installations

28.5%

May 28.3%

Job gross margin on each installation invoiced in June 2026

Gross margin \$

What it shows

5 of the 5 installation jobs invoiced in June made less than the 35.0% job gross margin target. The Installation 4, June made a 28.2% job gross margin: 58.0 h of technician time (\$3,944) and \$1,200 of subcontractors on a \$15,100 job. Jobs need 35.6% gross margin just to cover overheads.

What you'd do about it

Below the 35.6% overheads need: Installation 3, June (29.4%), Installation 1, June (29.0%), Installation 5, June (28.3%), Installation 2, June (28.2%), Installation 4, June (28.2%). Most profitable: Installation 3, June (29.4%).

Type of job: Call-outs and repairs

44.6%

May 44.1%

Technician time charged, June

\$21,104

71.6% of call-out revenue

Materials charged, June

\$8,359

\$6,430 at cost, plus 30%

Job gross margin on call-outs by length, June 2026

Gross margin \$

What it shows

57 call-outs in June billed \$21,104 of technician time and \$8,359 of materials (\$6,430 at cost plus 30%), and made a 44.6% job gross margin between them. Gross margins run from 40.5% to 47.0% by length: the hourly rate covers technician time comfortably, so the gross margin mostly moves with how much material goes on the van.

What you'd do about it

Call-outs: 44.6% gross margin, 9.0 points clear of the 35.6% overheads need.
