

SAMPLE DATA · invented figures for demonstration

Which products and services are growing?

Period: August 2026. Revenue, gross margin and growth (year on year) by product or service line over 24 months. Pick a line and every number, chart and note follows it.

How final is this data?

July 2026

Locked

July 2026 is locked (closed 4 Aug 2026). These numbers won't change.

August 2026

Locked

August 2026 is locked (closed 2 Sep 2026). These numbers won't change.

October 2026

Incomplete

October 2026 is still in progress: figures to 6 Oct only.

Trades

Gross margin, not profit

Gross margin is not profit. Job gross margin = revenue less materials, subcontractors and technician time charged to the job at \$68 an hour (wages and all on-costs). Not included: technician time not charged to any job (travel, training, waiting), and overheads (office wages, marketing, vehicles, rent, insurance, IT, depreciation, interest). Profit is what's left after those. Wages always include all on-costs: super, payroll tax, workers' compensation insurance and leave.

From gross margin to profit

August's jobs made \$73,637 gross margin (41.1%). Technician time not charged to jobs took \$10,060 and overheads \$59,500, leaving \$4,077 profit before tax (2.3% of revenue). To cover overheads, jobs need a 38.9% gross margin on average.

Gross margin on jobs	\$73,637
Technician wages and on-costs	\$54,600
Technician time charged to jobs (at cost)	\$44,540
Technician time not charged to jobs	\$10,060
Gross profit (the P&L)	\$63,577
Overheads (operating expenses, depreciation, interest)	\$59,500
Profit before tax (the P&L)	\$4,077
Revenue	\$179,007
Gross margin on jobs, %	41.1%
Profit before tax, % of revenue	2.3%
Gross margin jobs need just to cover overheads and time not charged	38.9%

28.6%

\$179,007 against \$139,164

Year to date against the same period last year

14.2%

\$372,252 against \$325,924

Gross margin, year to date

38.9%

\$144,758 before overheads

What it shows

Revenue is 14.2% up on the same period last year, year to date (\$372,252 against \$325,924). Maintenance contracts make the highest gross margin (59.5%); Installations the lowest (30.8%). The business needs 38.9% gross margin just to cover overheads.

What you'd do about it

Installations: 30.8% gross margin, 4.2 points under the 35.0% target: about \$10,060 on \$237,200 of revenue this financial year to date. It's below the 38.9% needed to cover overheads, too. Maintenance contracts: 59.5% gross margin, 24.5 points over the 35.0% target (\$19,882 ahead on \$81,000 this financial year to date).
