

SAMPLE DATA · invented figures for demonstration

Which products and services are growing?

Period: October 2026 to date. Revenue, gross margin and growth (year on year) by product or service line over 24 months. Pick a line and every number, chart and note follows it.

How final is this data?

September 2026

Locked

September 2026 is locked (closed 2 Oct 2026). These numbers won't change.

October 2026

Incomplete

October 2026 is still in progress: figures to 6 Oct only.

Trades

Gross margin, not profit

Gross margin is not profit. Job gross margin = revenue less materials, subcontractors and technician time charged to the job at \$68 an hour (wages and all on-costs). Not included: technician time not charged to any job (travel, training, waiting), and overheads (office wages, marketing, vehicles, rent, insurance, IT, depreciation, interest). Profit is what's left after those. Wages always include all on-costs: super, payroll tax, workers' compensation insurance and leave.

From gross margin to profit · latest closed month: September

October is still in progress and wages are paid fortnightly, so a part month can't be bridged: this is September, the latest closed month. September's jobs made \$73,107 gross margin (36.1%). Technician time not charged to jobs took \$3,430 and overheads \$59,580, leaving \$10,097 profit before tax (5.0% of revenue). To cover overheads, jobs need a 31.1% gross margin on average.

Gross margin on jobs	\$73,107
Technician wages and on-costs	\$54,600
Technician time charged to jobs (at cost)	\$51,170
Technician time not charged to jobs	\$3,430
Gross profit (the P&L)	\$69,677
Overheads (operating expenses, depreciation, interest)	\$59,580
Profit before tax (the P&L)	\$10,097
Revenue	\$202,337
Gross margin on jobs, %	36.1%
Profit before tax, % of revenue	5.0%
Gross margin jobs need just to cover overheads and time not charged	31.1%

Line: All

October so far against October last year (40.4%) \$76,875 against \$128,898	Year to date against the same period last year 11.7% \$651,464 against \$583,077	Gross margin, year to date 38.5% \$250,758 before overheads
---	--	---

What it shows

Revenue is 11.7% up on the same period last year, year to date (\$651,464 against \$583,077). Maintenance contracts make the highest gross margin (59.5%); Installations the lowest (28.8%). The business needs 31.1% gross margin just to cover overheads.

What you'd do about it

Installations: 28.8% gross margin, 6.2 points under the 35.0% target: about \$24,765 on \$400,900 of revenue this financial year to date. It's below the 31.1% needed to cover overheads, too. Maintenance contracts: 59.5% gross margin, 24.5 points over the 35.0% target (\$39,764 ahead on \$162,000 this financial year to date).
