

SAMPLE DATA · invented figures for demonstration

How many months of runway do we have?

Period: October 2026 to date. How long the organisation could keep going on its own money: cash at bank, less unspent grant money (which belongs to the funders' programs), divided by a month's spending.

How final is this data?

September 2026Locked

September 2026 is locked (closed 2 Oct 2026). These numbers won't change.

October 2026Incomplete

October 2026 is still in progress: figures to 6 Oct only.

Runway now
1.8 months
target 3.0 months

Target
3.0 months
reserves target

Gap
\$198,788
to reach the target

Runway in September
2.0 months
at September's rate of spending

What it shows
Unrestricted cash (\$289,912, after setting aside unspent grant money) would cover 1.8 months of spending at September's rate of spending, short of the 3.0 months target by \$198,788.

What you'd do about it
A reserves plan is the usual next step: how much of each month's surplus goes to reserves, and by when the gap is closed.

Cash at bank, every day (1 Aug to 6 Oct)

All · Cash at bank \$

Cash at bank includes unspent grant money. The daily cash data starts 1 August 2026 (after the opening balance). Every month, by line, is in the Excel download.

Made with Python: laid out in HTML and CSS, printed to PDF in Chromium.
